

Internship completion letter

19th April 2023

Mr. Vishal Bharadwaj
Dudhaura, Salamatpur,
Ghazipur,
Uttar Pradesh– 275201.

This is to certify that **Vishal Bharadwaj** has successfully completed the 3 Months (20th Jan 2023 to 20th April 2023) Internship program from GenexCorp, Inc. During this Internship, he has worked in delivering various important modules for our home-grown product “VorkinstaBGV” and “GenexRentalManagement” which one is candidate **BackGround Verification Portal**, and another is **Rental Property Management**. His role involved the following responsibilities:

1. Developed single and multiple file upload using Django.
2. Backend input validation.
3. Security of sensitive data.
4. Created API based backend.
5. User authentication, celery and cronjobs.
6. Initial phase of developing vorkinsta pages.

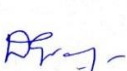

I would like to specially commend him for the support he provided in taking up every activity with interest in learning new improved the process for Internship. His development qualities are good. Above all very professional, adhere to timelines and really good work ethics.

GenexCorp is a mid-size company located out of Hyderabad, mainly in IT resourcing, consulting, and product development. Our internship program is a way to help job seekers provide a platform for real time work experience and create a mutual assistance situation where we can seek their assistance for some in house programs and products.

We certify that the above content is true and wish him great success in his career.

Yours faithfully,

For Genex Corporate Services Pvt. Ltd.
